# **Technology** in Learning Environments

---

- ❑ Previously,  
only teachers “touched” technology
  - ❑ Today teachers AND students  
touch a lot of technology, but  
mostly outside of the classroom
  - ❑ Students typically touch the most  
complex and sophisticated technology
-

# “High-Hype” Technology

---

- ❑ It's what we “ought” to have
  - ❑ We can NEVER have enough
  - ❑ We ought to use it ALL the time
  - ❑ It does things BETTER than the “old” way
  - ❑ TODAY's technology is better
  - ❑ It is something very SPECIAL !
-

# “Low-Hype” Technology

---

- ❑ It is NOT very SPECIAL
  - ❑ It's what we NEED to have
  - ❑ It's like a UTILITY
  - ❑ It needs to be INTEGRATED along with the “old” way
  - ❑ Technology is constantly CHANGING
  - ❑ Our students are unimpressed with it
-

# Views of Technology

---

- Manufacturer/Vendor View
    - High Hype Attitude
  - Administrator's View
    - More \$\$\$ = More visibility & impact
  - Teacher's View
    - Fear of loosing control
  - Student's View
    - Frustration with lack of control
-

# Bridging the Gap

---

- ❑ Technology Literacy
  - ❑ Start at young age
  - ❑ After school programs /Homeroom
  - ❑ Peer tutoring by older students
  - ❑ Don't over-simplify technology
-

# To the Bell and Beyond

---

- 21<sup>st</sup> Century Fund  
School Improvement Grant
    - Targeted at “Free-Lunch” Students to improve attendance
  - After-school program for grades 3-6
  
  - Field experience for pre-service teachers
    - Beginning and intermediate technology integration course
-

# Learning Objectives

---

- Elementary students
    - Through project-based learning, students will learn how to operate common procedures on popular software programs
  - Pre-service teachers
    - Apply knowledge learned about technology integration into a real-life setting
    - Design and implement technology integrated project-based lesson plans
    - Practice implementing learner-centered principles into a classroom setting
-

# Technology Used

---

## □ Software

- Microsoft Word
  - Microsoft PowerPoint
  - Microsoft Excel
  - Inspiration
  - Microsoft Paint
  - Microsoft Internet Explorer
-

# Technology Used

---

## □ Hardware

- Desktop PCs
- PC Laptops
- Digital cameras
- SD cards
- SD card readers
- Flash drives
- Bluetooth Capable

# Self Expression – Student Work

I Have A Big Mouth

**By: Jeremy Shane Wolfe**

# Self Expression – Student Work

- Once Upon a time I was yelling my friends name Elli. And my father, Jerry said I have a big mouth and that is why this story has began.

# Self Expression – Student Work

- Now everybody say's I have a big mouth. It annoys me but I get used to it.

# Instructional Strategies - Elementary

---

- Engaging students through self-expression
- Freedom of choice
  - Technology tools

Freedom of Choice – Student Work

# Better and Healthier FOOD

BY STEVEN  
AND J.D.

# Freedom of Choice – Student Work

Food pyramid tells you what's healthy and what's not healthy. Junk food is really bad for you, have little energy to move and play. If you eat healthy you have more energy for play time.

# Freedom of Choice – Student Work

## TOP GUN

- WHY WE CHOSE THIS FOR THE KIDES TO KNOW
- ABOUT SCIENCE.
- HOW THE JETS SHOOT THE MISSLES AND
- HOW THAY LOCK ON THE TARGET AND HOW
- TO BUILD THE JET.
- HOW THE SENSORS WORK THAY HAVE A CAMRA
- ON THE PLANE AND THE SCREEN CAN BE ANY COLAR.
- AND THAY LOCK ON THE TARGET. THAY CAN COME
- IN AND TEACH AND TEACH YOU ABOUT TOP GUN.

# Instructional Strategies - Elementary

- Engaging students through self-expression
  - Freedom of choice
    - Technology tools
  - Peer learning
    - Learning communities

# Instructional Strategies – Pre-service

---

- Hands-on experience
    - Learning while doing
    - Student engagement and rapport
  - Modeling
    - Providing guidance vs direct instruction
  - Learning community
  - Reflection on teaching strategies
    - Strengths and weaknesses
-

# Conclusion

---

- Bridging the Technology Literacy Gap
  
  - To the Bell and Beyond program
    - Integrating technology to create engaging learning experiences
  
  - NETS-S Standards
-
